Arvada, CO 80001

Dear Mr. Shah,

The Islamic terrorists who today murdered innocent people in Belgium have prompted us to write to you to offer airtime, repeatedly, on our long-running talk show that airs on Colorado's most-powerful radio station, on the 50,000-Watt AM 670 KLTT.

Some non-Muslims including my co-host and me have long hoped to hear a much more aggressive public commitment from within the ranks of Islam to expose and eradicate Jihadist teaching.

Here is the kind of statement that we hope to hear you and all Islamic leaders make:

We urge every Muslim in America and especially those here in Colorado to notify law enforcement authorities of the identity of any individual in their community who supports Jihad. We urge every Imam to report any radicalized members of their Mosque to the authorities. We are urging the Kingdom of Saudi Arabia to announce and to enforce a prohibition on travel to Mecca to anyone who attends a Mosque where an Imam promotes or defends ISIS, Al Qaeda, or any Jihadi organization. As leaders, we commit ourselves to aggressively fighting to stop the travel of Muslims to the Middle East to join ISIS. We are saddened that of the thousands of who have joined ISIS in Syria and Iraq, that virtually none of their Imams had preemptively reported them to the authorities. So we call for Imams to correct this deficiency in our obligation to humanity. Further, we will not remain in denial by minimizing the extent of this wickedness within our numbers. The support for ISIS identified by repeated international surveys extrapolates to the sad reality that tens of millions of Muslims support terrorism. We are embarrassed for ourselves and for our community. Finally, we want to speak up on behalf of those who fear Islam because of these terrorist attacks. We call for an end to the demonizing of those who live in fear of Muslim terrorism. We call for them to no longer be marginalized. We must all listen to and understand those who fear the terrorists who kill in Allah's name. Islamic terrorism is *our* problem. And while we invite the world to battle it with us, we are now determined to publicly lead this fight.

Mr. Shah, if you are willing to make that statement, or a statement like it, we invite you to do so whenever and wherever including online and in print. But also, we offer you airtime on our Bob Enyart Live radio program to do so.

Sincerely,

A handwritten signature in black ink that reads 'Bob Enyart' in a cursive, slightly slanted script.

Bob Enyart
